

May 3, 2023

It is the policy of Jacaranda Trace, ALF that resident's guests be welcomed to visit by an invitation of a resident or by making an appointment. Visits may take place any time a resident wishes, 24 hours a day, 7 days a week.

Visitors are asked to follow basic infection control practices and should wash and/or sanitize their hands before and after visiting with a resident. Masks are available upon request.

If a guest is symptomatic and feeling under the weather, we ask they postpone their visit.

Residents and their guests may visit inside or outside as they choose.

Our policy follows the "No Patient Left Alone Act: (ACT) and our visitation policy does not limit visitation hours, duration, and number of visitors. Residents may receive guests regardless of vaccination status and may have consensual contact with them. In person visitation is encouraged anytime the resident requests it, and in particularly in end-of-life situations, at times requiring health and medical assistance and recent change of behavior.
